DAFTAR TABEL ................................................................................. x
DAFTAR LAMPIRAN ....................................................................... xi

BAB I : PENDAHULUAN ........................................................................1
A. Latar Belakang ........................................................................... 1
B. Rumusan Masalah ..................................................................... 4
C. Tujuan ....................................................................................... 5
D. Manfaat Penelitian ................................................................. 6
E. Definisi Operasional ............................................................... 6
F. Batasan Penelitian ................................................................. 9
G. Sistematika Penelitian ........................................................... 9

BAB II : KAJIAN PUSTAKA ..................................................................10
A. Pembelajaran Matematika ....................................................... 10
B. Teori belajar Vigotsky ............................................................ 11
C. Pembelajaran Kooperatif ....................................................... 14
D. Course Review Horay ............................................................ 22
E. Perangkat Pembelajaran dengan Model Kooperatif Course Review Horay ................................. 27
F. Kriteria Kelayakan Perangkat Pembelajaran ......................... 28
G. Kriteria Perangkat Pembelajaran dengan Model Kooperatif Tipe Course Review Horay ................. 34
H. Model Pengembangan Perangkat Pembelajaran ................. 38
I. Materi Pembelajaran Relasi dan Fungsi ......................... 41

BAB III: METODE PENELITIAN .......................................................45
A. Jenis Penelitian ....................................................................... 45
B. Waktu dan Tempat Penelitian ............................................... 45
C. Rancangan Penelitian .......................................................... 46
D. Model Pengembangan Perangkat Pembelajaran ............... 46
E. Instrumen Penelitian ................................................................. 52
F. Teknik Pengumpulan Data ....................................................... 54
G. Teknik Analisis Data ............................................................... 56

BAB IV: HASIL PENELITIAN ......................................................... 65
A. Proses Pengembangan Perangkat Pembelajaran ............... 65
B. Kevalidan Pengembangan Perangkat Pembelajaran .......... 81
C. Kepraktisan Pengembangan Perangkat Pembelajaran ...... 90
D. Keefektifan Pengembangan Perangkat Pembelajaran ...... 92

BAB V: KESIMPULAN DAN SARAN ........................................... 105
A. Kesimpulan ........................................................................... 105
B. Saran .................................................................................... 106
