CHAPTER V

CONCLUSION AND SUGGESTION

In this chapter, the writer present the conclusion and suggestion based on the analysis which contains conversational implicature identified in the utterance produced in dialogue transcript of 22 Jump Street movie. The conclusion and suggestion presented below:

5.1 Conclusion

5.1.1 The types of conversational Implicature are divided into two types. Frist is generalized conversational implicature is when no special knowledge is required in the context to calculate the additional conveyed meaning. There are 11 data included type of generalized conversational implicature. The second is particularized conversational implicature is an implicature where some assumed knowledge is required in very specific contexts during a conversation. There are 19 data included type of particularized conversational implicature.

5.1.2 The function of implicature are derived into five functions, they are Representative, Directive, commissive, Expressive and Declarative. There are 13 implicatures which have Representative function involving informing, refusing, affirming, asserting, critisizing and claiming. There are 5 implicatures which have Directive function involving ask, command, advice, and requesting. There are 10 implicatures which have Expressive
function involving praise, things liked, protesting, suffering, and illness. There are 2 implicatures which have Commissive function involving threat, refusing or rejecting. The last there is no implicature which has declarative function.

5.2 Suggestion

The researcher hopes that the reader who will become the next researcher will be able to apply the theory of conversational implicature in different object like Advertisement, Holy Qur’an, Talkshow, and many others. The researcher also expects the next researcher to improve of this movie by using different theory such like theory of Slang that include part of sociolinguistic.
