CHAPTER V

CONCLUSION AND SUGGESTION

This chapter presents conclusion and suggestion in detail as the result of the research study. This chapter consists of two points, the first point is conclusion and the next one is suggestion.

A. Conclusion

After conducting the research at SMP NEGERI 3 SURABAYA, the use of English Club Television channel are divided into two stages, first is the application of using English Club Television channel in teaching writing descriptive text and second is the improvement of students’ mastery in writing descriptive text by using English Club Television channel. The explanation will be drawn as follows:

1. The application of English Club Television channel in teaching writing descriptive text is divided into five stages; observing, asking, exploring, associating, and communicating.

2. The improvement of students’ mastery in writing descriptive text by using English Club Television channel is divided into three activity: first is pre-test activity, second is treatment activity, and the last is post-test and questionnaire activity. Using simple descriptive sentence to explain the content of the video
from English Club Television channel helps students improves their ability in writing descriptive text.

Suggestion

1. For teacher: English teacher in SMP NEGERI 3 SURABAYA can use English Club Television channel in teaching English, especially in teaching writing descriptive. In addition, English Club Television channel can be used for teaching listening, speaking, reading, vocabulary, and grammar.

2. For students: Students can improve their writing skill in descriptive text either in school or home, by using English Club Television channel for some example of descriptive words. It can improve writing skill.

3. For SMPN 3: learning media in teaching English need to be improved. One of the media which can be used in teaching English is English Club Television channel. Video collection as media for teaching English can be downloaded in YouTube. It should be paid attention, so that the students will be interested in learning English.

4. For next researcher: next researcher can do a research in using English Club Television channel in different focus, such as reading, listening, vocabulary, grammar, speaking, and another kinds of writing.
