KATA PENGANTAR .................................................................. vi
DAFTAR ISI ............................................................................ ix
DAFTAR TABEL ........................................................................ xii
DAFTAR GAMBAR .................................................................... xiii
DAFTAR LAMPIRAN .................................................................. xiv

BAB I PENDAHULUAN ............................................................. 1
A. Latar Belakang ................................................................... 1
B. Rumusan Masalah ........................................................... 7
C. Tujuan Penelitian ............................................................ 7
D. Manfaat Penelitian ............................................................ 8
E. Definisi Konsep ................................................................. 9
F. Sistematika Pembahasan ................................................... 12

BAB II KAJIAN TEORITIK DAN PENELITIAN TERDAHULU .. 13
A. Penelitian Terdahulu yang Relevan ................................. 13
B. Kerangka Teori ............................................................... 15
   1. Sistem ........................................................................... 15
      a. Pengertian Sistem .................................................. 15
      b. Karakteristik Sistem ............................................. 17
      c. Klasifikasi Sistem .................................................. 20
d. Pengendalian Sistem .............................................. 23
2. Audit .............................................................................. 24
   a. Pengertian Audit ..................................................... 24
   b. Tujuan dan Sasaran Audit ........................................ 28
   c. Pelaksanaan / Waktu Audit ....................................... 31
   d. Jenis-jenis Audit ....................................................... 31
   e. Metode Audit .......................................................... 34
   f. Pengertian Auditor dan Auditee ................................. 37
   g. Hubungan Auditor dan Auditee ................................. 37
   h. Tindak Lanjut Auditor dan Auditee ............................. 38
      i. Instrumen Audit .................................................... 40
   j. Pengertian Audit Manajemen (Operasional) ................. 40
   k. Perbandingan Audit Manajemen dengan Audit Finansial 42
      l. Tahapan Audit Manajemen ....................................... 43
3. Kinerja ........................................................................... 44
   a. Pengertian Kinerja ................................................... 44
   b. Indikator Kinerja ...................................................... 47
   c. Faktor-faktor yang Mempengaruhi Kinerja ................. 48
4. Sistem Audit Kinerja ....................................................... 49
   a. Pengertian Sistem Audit Kinerja ................................. 49
   b. Tujuan Sistem Audit Kinerja ....................................... 50
   c. Manfaat Sistem Audit Kinerja ..................................... 52
   e. Masalah-masalah dalam Sistem Audit Kinerja ............. 53
5. Optimalisasi SDM .......................................................... 55
   a. Sumber Daya Manusia .............................................. 56
   b. Sumber Daya Non-Manusia ....................................... 57
6. Optimalisasi SDM Melalui ............................................. 61
   a. Definisi Optimalisasi SDM melalui Sistem Audit Kinerja 61
   b. Maksud dan Tujuan Manajemen SDM melalui Sistem Audit Kinerja ......................................................... 62
BAB III METODE PENELITIAN ......................................................... 63
A. Pendekatan dan Jenis Penelitian ................................................. 63
B. Lokasi Penelitian ........................................................................... 64
C. Jenis dan Sumber Data .................................................................. 64
D. Tahap-tahap Penelitian ................................................................... 65
E. Teknik Pengumpulan Data ............................................................... 71
F. Teknik Validitas Data ....................................................................... 74
G. Teknik Analisis Data ......................................................................... 76

BAB IV HASIL PENELITIAN ................................................................. 79
A. Gambaran Umum Obyek Penelitian ............................................... 79
   1. Sejarah Berdirinya PT. Arofahmina Tour and Travel .............. 79
   2. Visi dan Misi ............................................................................... 80
   3. Motto .......................................................................................... 81
   4. Struktur Organisasi ...................................................................... 81
   5. Produk yang Ditawarkan ............................................................. 83
B. Pengolahan Data ............................................................................... 84
C. Analisis Data .................................................................................. 115

BAB V PENUTUP ................................................................................. 153
A. Kesimpulan ..................................................................................... 153
B. Saran dan Rekomendasi ................................................................. 154
C. Keterbatasan Penelitian ................................................................. 155
