### BAB I : PENDAHULUAN

A. Latar Belakang Penelitian ................................................................................. 1

B. Rumusan Masalah ............................................................................................ 5

C. Tujuan Penelitian ............................................................................................. 5

D. Manfaat Penelitian ........................................................................................... 6

E. Batasan Penelitian ............................................................................................ 6

F. Penelitian Terdahulu ......................................................................................... 7

G. Hipotesis .......................................................................................................... 9

H. Definisi Operasional ......................................................................................... 10

I. Sistematika Pembahasan .................................................................................. 11

### BAB II : KAJIAN PUSTAKA

A. Disiplin Guru ................................................................................................... 13

   1. Pengertian Disiplin ......................................................................................... 13

   2. Disiplin Dalam Perspektif Islam ..................................................................... 13

   3. Macam-macam Disiplin .................................................................................. 15

   4. Faktor-faktor yang Mempengaruhi Disiplin ................................................... 17

   5. Regulasi tentang Disiplin ............................................................................... 20

B. Absensi Fingerprint .......................................................................................... 22

   1. Pengertian Absensi Fingerprint ..................................................................... 22

   2. Sejarah Fingerprint ....................................................................................... 22

   3. Jenis Biometrika ............................................................................................ 24

   4. Fungsi Fingerprint ......................................................................................... 25

   5. Mekanisme Fingerprint ................................................................................ 26

   6. Teknik Pembacaan (Sensor) Fingerprint ....................................................... 27

   7. Teknik Identifikasi dengan Fingerprint ........................................................ 29
8. Evaluasi Kinerja Sistem Sidik Jari (Fingerprint) .............................................. 30
9. Kelemahan dan Kelebihan Absensi Fingerprint .............................................. 30
C. Hubungan Penerapan Absensi Fingerprint Dengan Disiplin Guru .......... 32

BAB III : METODE PENELITIAN
A. Jenis Penelitian .............................................................................................. 33
B. Objek Penelitian ........................................................................................... 34
C. Lokasi Penelitian .......................................................................................... 34
D. Populasi dan Sampel .................................................................................... 34
E. Teknik Pengumpulan Data ............................................................................ 35
F. Instrumen Penelitian ..................................................................................... 37
G. Jenis dan Sumber Data ................................................................................ 38
H. Pengolahan dan Analisis Data ..................................................................... 39
   1. Pengolahan Data ......................................................................................... 39
   2. Analisis Data .............................................................................................. 39

BAB IV : HASIL PENELITIAN
A. Gambaran Umum Objek Penelitian .............................................................. 43
   1. Sejarah Singkat Berdirinya SMP Negeri 3 Surabaya ............................... 43
   2. Letak Geografis Obyek Penelitian .............................................................. 43
   3. Visi Misi Sekolah ........................................................................................ 44
   4. Profil SMP Negeri 3 Surabaya ................................................................ 44
   5. Struktur Organisasi SMP Negeri 3 Surabaya ........................................... 45
   6. Sarana dan Prasarana SMP Negeri 3 Surabaya ...................................... 45
   7. Keadaan Guru ............................................................................................ 47
   8. Keadaan Siswa ........................................................................................... 50
B. Persiapan dan Pelaksanaan Penelitian .......................................................... 50
   1. Persiapan Awal ........................................................................................... 50
   2. Penyusunan Instrumen .............................................................................. 50
   3. Pelaksanaan Penelitian ............................................................................... 51
C. Uji Validitas dan Reliabilitas ....................................................................... 51
   1. Uji Validitas ................................................................................................. 51
   2. Hasil Uji Reliabilitas .................................................................................. 53
D. Penyajian Data Angket ................................................................................ 53
   1. Data Tentang Penerapan Fingerprint di SMP Negeri 3 Surabaya .......... 54
   2. Data Tentang Disiplin Guru di SMP Negeri 3 Surabaya ....................... 60
E. Analisis Data Penelitian ............................................................................... 69
   1. Data Tentang Penerapan Fingerprint di SMP Negeri 3 Surabaya .......... 70
   2. Data Tentang Disiplin Guru di SMP Negeri 3 Surabaya ....................... 71
   3. Data Tentang Hubungan Penerapan Absensi Fingerprint Dengan Disiplin
      Guru di SMP Negeri 3 Surabaya ............................................................ 72

BAB V : PENUTUP
A. Kesimpulan .................................................................................................. 76
B. Saran ............................................................................................................. 77
