DAFTAR ISI

JUDUL PENELITIAN ........................................................................................................ i
PERSETUJUAN DOSEN PEMBIMbing ................................................................. ii
PENGESAHAN TIM PENGUJI ................................................................................ iii
MOTTO DAN PERSEMBAHAN ........................................................................ iv
PERNYATAAN PERTANGGUNG JAWABAN OTETITAS SKRIPSI .......................................................... v
ABSTRAK .................................................................................................................... vi
KATA PENGANTAR ................................................................................................... vii
DAFTAR ISI ................................................................................................................ ix
DAFTAR TABEL ........................................................................................................ xii
DAFTAR GAMBAR ...................................................................................................... xiii

BAB I PENDAHULUAN
A. Latar Belakang Masalah ...................................................................................... 1
B. Rumusan Masalah ............................................................................................... 4
C. Tujuan Penelitian ................................................................................................ 4
D. Manfaat Penelitian ............................................................................................. 5
E. Definisi Konsep ................................................................................................... 6
F. Sistematika Pembahasan ...................................................................................... 8

BAB II KAJIAN TEORETIK
A. Penelitian Terdahulu Yang Relevan ................................................................. 10
B. Kerangka Teori .................................................................................................. 13
   1. Strategi ............................................................................................................. 13
      a. Pengertian Strategi ..................................................................................... 13
      b. Variasi Strategi .......................................................................................... 15
      c. Proses Pembentukan Strategi Terdiri dari Empat Elemen .................... 22
      d. Model-model Pembuatan Strategi ................................................................ 22
   2. Brand ............................................................................................................... 24
      a. Pengertian Brand ......................................................................................... 24
      b. Manfaat Brand ............................................................................................ 25
   3. Positioning ........................................................................................................... 25
      a. Peran Positioning Dalam Strategi Pemasaran .................................... 26
      b. Tujuan Positioning .................................................................................... 29
      c. Jenis Positioning ......................................................................................... 29
   4. Repositioning ..................................................................................................... 30
      a. Pengertian Repositioning .......................................................................... 30
      b. Strategi Positioning ................................................................................... 31
   5. Kajian Prespektif Islam .................................................................................... 35
BAB III METODE PENELITIAN

A. Pendekatan dan Jenis Penelitian.......................................................... 43
B. Lokasi Penelitian.................................................................................. 45
C. Jenis dan Sumber Data ....................................................................... 45
   1. Jenis Data ....................................................................................... 45
      a. Data Primer ................................................................................ 45
      b. Data Sekunder ............................................................................. 46
   2. Sumber Data .................................................................................... 47
      a. Informan ...................................................................................... 47
      b. Dokumentasi ................................................................................ 48
D. Tahap-tahap Penelitian ....................................................................... 48
   1. Tahap Pra Lapangan ......................................................................... 48
      a. Menyusun rencana penelitian..................................................... 48
      b. Memilih lapangan penelitian....................................................... 48
      c. Mengurus perizinan .................................................................... 49
      d. Menjajaki dan menilai keadaan lapangan .................................. 49
      e. Memilih dan memanfaatkan informasi ....................................... 50
      f. Menyiapkan perlengkapan penelitian ........................................ 50
      g. Persoalan Etika Penelitian ......................................................... 50
   2. Tahap Pekerjaan Lapangan ............................................................... 51
   3. Tahap Analisa Data .......................................................................... 51
   4. Tahap Penulisan Laporan .................................................................. 51
E. Teknik Pengumpulan Data ................................................................... 52
   1. Pengamatan (Observasi) ................................................................. 52
   2. Wawancara (Interview) .................................................................... 53
   3. Dokumentasi .................................................................................... 53
F. Teknik Validitas Data ........................................................................... 54
G. Teknik Analisa Data ............................................................................ 56
   1. Reduksi Data (Data Resducation) ................................................... 57
   2. Penyajian Data (Data Display) ......................................................... 57
   3. Pengambilan Kesimpulan dan Verifikasi (Conclusion Drawing and Verification) ........................................................................... 58

BAB IV HASIL PENELITIAN

A. Gambaran Obyek Penelitian ............................................................... 59
   1. Sejarah dan Perkembangannya ....................................................... 59
   2. Letak Geografis SMA Ta’miriyah Surabaya ..................................... 63
   3. Visi dan Misi SMA Ta’miriyah Surabaya ......................................... 63
   4. Motto SMA Ta’miriyah Surabaya ..................................................... 64
   5. Tujuan SMA Ta’miriyah ................................................................. 64
   6. Target Pembelajaran ........................................................................ 65
   7. Upaya Pencapaian Target ............................................................... 67
   8. Pembinaan Keagamaan .................................................................... 68
   9. Keadaan Staf dan Struktur Organisasai .......................................... 69
      a. Keadaan Guru dan Karyawan ..................................................... 69
      b. Struktur Organisasi ................................................................. 73
10. Keadaan Siswa ................................................................. 75
B. Penyajian Data ................................................................. 75
C. Analisa Data ................................................................. 89

BAB V PENUTUP
A. Kesimpulan ................................................................. 96
B. Saran dan Rekomendasi ............................................... 98
C. Keterbatasan Penelitian ............................................... 98
