BAB I: PENDAHULUAN ................................................................................ 1
A. Latar Belakang .......................................................................................... 1
B. Rumusan Masalah ................................................................................. 7
C. Tujuan Penelitian ................................................................................ 8
D. Manfaat Penelitian ............................................................................... 8
E. Definisi Operasional ........................................................................... 9
F. Hipotesa .................................................................................................. 10
G. Kerangka Teori ................................................................................... 11
H. Metode Penelitian ................................................................................ 16
   1. Jenis Penelitian ................................................................................ 16
   2. Model Penelitian ............................................................................. 17
I. Jenis dan Sumber Data ......................................................................... 18
   1. Jenis Data ...................................................................................... 18
   2. Sumber Data .................................................................................. 20
J. Teknik Penentuan Subjek Penelitian ...................................................... 21
   1. Populasi ......................................................................................... 21
   2. Teknik Sampling ........................................................................... 21
   3. Sampel ........................................................................................... 22
K. Teknik Instrumen dan Pengumpulan Data .......................................... 23
   1. Teknik Pokok ............................................................................... 23
   2. Teknik Penunjang ...................................................................... 24
L. Teknik Analisa Data ............................................................................. 25
M. Sistematika Pembahasan ...................................................................... 27

BAB II: LANDASAN TEORI ................................................................. 29
A. Pengertian Kyai ................................................................. 29
B. Ciri-Ciri Kyai ................................................................. 32
C. Pengertian Santri ............................................................ 36
D. Ketokohan Kyai Terhadap Santri ................................. 38

BAB III: HASIL PENELITIAN .......................................................... 41
A. Obyek Penelitian ............................................................. 41
   1. Sejarah Pondok Pesantren ........................................ 41
   2. Letak Geografis .......................................................... 44
   3. Kegiatan Pondok ......................................................... 44
   4. Susunan Pengurus Pondok ........................................ 47
   5. Tradisi Salaf Dalam Kajian Pondok ............................ 50
B. Deskripsi Data Penelitian .................................................. 54
   a) Uji Validitas dan Uji Realibilitas ................................. 54
   b) Perolehan Data Angket ............................................... 58

BAB IV: PENGUJIAN HIPOTESIS ..................................................... 66
   a) Pengujian Hipotesis ..................................................... 66
   b) Analisis Hasil Penelitian ............................................. 73

BAB V: PENUTUP ............................................................................ 76
A. Kesimpulan ........................................................................ 76
B. Rekomendasi ..................................................................... 77
