CHAPTER V

CONCLUSION AND SUGGESTION

In this chapter will be present the conclusion and suggestion for the study. That is related to the research finding.

5.1 Conclusion

After the analyzing, the writer makes the conclusion from this research. The writer wants describe slang word are used by Justin Bieber song’s lyrics and characteristic of slang word.

Slang is in the informal words used by a particular social group and each has the positive and negative meaning, and the meaning depends on the user. However, the meanings of slang language used in Justin Bieber song lyrics are varieties. Such as Backpacker means shoulder, Gotta means going to, c,mon means come on, cause means because, etc.

The characteristic of slang word used in Justin Bieber song lyrics is.

a. Blending.

Is one of slang words formation process that created by two words. Typically, the beginning of the word is joined to the end of the other word. For example is tryna means try to, gotta means going to.

b. Clipping.
It refers to shortening, cutting, or reducing long words. Clipping may occur in front or back part of a word. Besides, in clipping process, it may be replaced with certain new spelling. There are as examples for clipping.

For example *Phone* This word shortening from *telephone*, *DJ* shortening from *Disk Jockey*.

c. Coinage

Coinage is the invention of totally new words, the typical process of coinage usually adopts the brand names as common words. The example in lyrics by Justin Bieber is *Backpacker*: The word backpacker refers to shoulder.

d. Acronym

Acronym are formed by taking the initial sounds (or letters) of the words of phrase and uniting them into a combination. Some examples in the song lyrics by Justin Bieber is.

*DJ*: Disc Jockey

Every slang word that have own meaning. The slang words is the formality of language is tied to the situation, most of the slang words are used in informal situation, so the rapper often uses informal language. Every language contains vocabulary and grammar, but sometimes there is not grammar in words structures, it cannot be considered as grammatical language.
5.2 Suggestion.

There are many slang word can be analyzed by another researcher, such as slang word that find in novel, conversation every day, and are use in community. The writer suggests other researchers to conduct other researches about this topic in different aspect such as to compare the usage between English and American in using the slang language. The writer hopes this study give benefit to the other researcher, especially to student in English department faculty of letters and humanities state Islamic university of Islamic Sunan Ampel Surabaya.
