BAB I: PENDAHULUAN

A. Latar Belakang Masalah ................................................................. 1
B. Rumusan Masalah ................................................................. 4
C. Tujuan Penelitian ............................................................................ 5
D. Manfaat Penelitian ........................................................................... 5
E. Definisi Konsep .............................................................................. 6
F. Metode Penelitian
   1. Pendekatan dan jenis penelitian.............................................. 10
   2. Sasaran dan Lokasi Penelitian ................................................. 11
   3. Jenis dan Sumber Data ............................................................ 12
   4. Tahap-tahap Penelitian ............................................................ 13
   5. Teknik Pengumpulan Data ....................................................... 15
   6. Teknik Analisis Data ............................................................... 20
   7. Teknik Keabsahan Data ........................................................... 21
G. Sistematika Pembahasan ................................................................. 24

BAB II: TINJAUAN PUSTAKA

A. Kajian Konseptual Teoritik ................................................................. 26
   1. Terapi Rasional Emotif .......................................................... 26
