CHAPTER I: INTRODUCTION

A. Research Background ......................................................................................... 1
B. Research Questions ............................................................................................ 7
C. Objective of the Study ......................................................................................... 8
D. Significance of the Study .................................................................................. 8
E. Scope and Limitation of the Study .................................................................... 10
F. Definition of Key Term ...................................................................................... 11

CHAPTER II: REVIEW OF RELATED LITERATURE

A. Review of Related Literature ............................................................................. 13
   1. Curriculum as the Basis of the Learning Assessment ................................... 13
      a. Definition of Curriculum ............................................................................ 13
      b. The Characteristic of Curriculum ............................................................... 14
      c. Factors that Influence Curriculum Implementation .................................. 15
      d. Definition of Integrated Curriculum .......................................................... 19
   2. Learning Assessment ....................................................................................... 20
      a. The Definition of Learning Assessment ....................................................... 20
      b. The Purposes of the Learning Assessment .................................................. 21
      c. The principles of Learning Assessment ....................................................... 22
      d. The Characteristic of Assessment as Educative Process ......................... 23
      e. Aspects Relating to Learning Assessment ................................................... 25
      f. National Curriculum 2013 Assessment ....................................................... 26

c. Frequency of the Use of the Assessment Rubrics and the Reasons in Determining It ............................................................................................................................................... 88
d. Measuring the Students’ Achievement and Progress ........................................... 89
e. Improving Students’ Skill ............................................................................................. 90

B. Discussion .................................................................................................................. 90

1. The Development of the Assessment Rubrics .............................................................. 90
   a. Teachers’ Understanding of Assessment Rubric .................................................... 90
   b. Elements Developed by the Teachers in the Assessment Rubrics ...................... 92
   c. Teachers’ Considerations in Developing the Assessment Rubrics ...................... 92
   d. Combining Cambridge Curriculum and Curriculum 2013 Components in Developing the Assessment Rubrics ........................................................................... 93
   e. Teachers’ Steps in Developing the Assessment Rubrics ...................................... 93
   f. Teachers’ Strategies in Developing the Assessment Rubrics ................................ 97
   g. Teachers’ Obstacles and Solutions in Developing the Assessment Rubrics ......... 98
   h. The Quality of the Assessment Rubrics Developed by the Teachers ..................... 99
   i. Trend in the Rating Result of the Assessment Rubrics Quality ............................. 105

2. The Use of the Assessment Rubrics in Learning Process ........................................... 108
   a. The Use of the Assessment Rubrics in Assessing Attitude and Skill Competence ......................................................................................................................... 108
   b. The Use of the Assessment Rubrics Dealing with Time Allocation ...................... 109
   c. Frequency of the Use of the Assessment Rubrics and the Reasons in Determining It ......................................................................................................................... 110
   d. Measuring the Students’ Achievement and Progress .......................................... 110
   e. Improving Students’ Skill ............................................................................................. 111

CHAPTER V: CONCLUSION AND SUGGESTION

A. Conclusion .................................................................................................................. 112
B. Suggestion .................................................................................................................. 114
