DAFTAR ISI .............................................................................................................. ix

BAB I PENDAHULUAN ........................................................................................... 1
  A. Latar Belakang ............................................................................................ 1
  B. Rumusan Masalah ....................................................................................... 4
  C. Tujuan dan Manfaat Penelitian .................................................................. 4
  D. Kegunaan Penelitian ................................................................................... 5
  E. Identifikasi Variable ...................................................................................... 6
  F. Definisi Operasional ................................................................................... 6
  G. Sistematika Pembahasan ............................................................................. 7

BAB II LANDASAN TEORI ..................................................................................... 9
  A. Persepsi Siswa ............................................................................................ 9
     1. Pengertian Persepsi ............................................................................... 9
     2. Proses Terjadinya Persepsi .................................................................. 13
     3. Faktor-Faktor yang Mempengaruhi Persepsi ...................................... 17
  B. Keberhasilan Belajar .................................................................................... 21
     1. Pengertian Keberhasilan Belajar Pendidikan Agama Islam ............... 21
        a. Pengertian Belajar ........................................................................... 21
        b. Pengertian Pendidikan Agama ....................................................... 23
BAB II PENINGKATAN KENYAMANAN DAN KESELAMATAN

1. Pengertian
2. Dasar dan Tujuan
3. Indikator dan Aspek Keberhasilan
4. Faktor-faktor yang mempengaruhi prestasi belajar

BAB III METODE PENELITIAN

A. Jenis dan Rancangan Penelitian
   1. Jenis Penelitian
   2. Rancangan Penelitian
B. Variabel, Indikator, danInstrument Penelitian
   1. Variable Penelitian
   2. Indikator Penelitian
   3. Instrument Penelitian
C. Populasi dan Sampel
   1. Populasi
   2. Sampel
D. Teknik Pengumpulan Data
E. Teknik Analisis Data

BAB IV LAPORAN HASIL PENELITIAN
A. Deskripsi Data ........................................................................................................ 82
1. Deskripsi Objek Penelitian .................................................................................. 82
   a. Identitas SMA Negeri 1 Sidoarjo .................................................................. 82
   b. Sejarah Berdirinya SMA Negeri 1 Sidoarjo ............................................. 82
   c. Visi, Misidn dan Tujuan SMA Negeri 1 Sidoarjo ................................... 93
   d. Keadaan Guru SMA Negeri 1 Sidoarjo .................................................. 96
2. Penyajian Data ..................................................................................................... 103
B. Analisis Data dan Pengujian Hipotesis ............................................................... 114
1. Analisis Data ...................................................................................................... 114
   a. Analisis Data tentang Hubungan Persepsi Siswa Dengan Tingkat Keberhasilan
      Siswa ......................................................................................................... 114
   b. Analisis Data Tentang Tingkat Keberhasilan Siswa Pada Mata Pelajaran
      PAI ............................................................................................................. 116
   c. Analisis Data tentang Hubungan Persepsi Dengan Tingkat Keberhasilan
      Siswa Pada Mata Pelajaran PAI di SMA Negeri 1 Sidoarjo ..................... 117
2. Pengujian Hipotesis .......................................................................................... 123
   a. Menguji Hipotesis ................................................................................... 123
   b. Mencari Informasi Sejauhmana Pengaruhnya ...................................... 124
   c. Mencari Koefesien Determinasidan Persamaan Regresi ...................... 124
BAB V PENUTUP .................................................................................................. 126
A. Kesimpulan ......................................................................................................... 126
B. Saran-Saran ....................................................................................................... 127
