

CHAPTER V

CONCLUSION

After analyzing the research findings and the discussion in the preceding chapter, conclusion and some suggestions are taken. The conclusion is drawn based on the formulated research question, while suggestion is intended to give information to the next writers who are interested in doing further researches in this area.

5.1 Conclusion

The conclusion of this study can be formulated based on the research questions. After analyzing the data, the writer has made final conclusion to explain about swear word. There are seven types of swear word that are found in the *Four Brothers* movie. They are: Sex Term (f*ck, f*cking, f*cked up), Excretion Term (sh*t), Body function (Asshole, Tits, Cock, and Ass), Death term (d*mn, and h*ll). Mother in law term (motherf*cker, b*tch, and whore), animal term (dog and bullsh*t), and the last is Religious Matter (godd*mn).

That swear words are often used in the *Four Brothers* movie is in the category Sex terms with 30.3%, and the second highest percentage is Excretion with 22.2%, third is Body function, 15.3%. Death term with 12.2% is the fourth. Fifth is Mother in law with 9%. Sixth is an Animal term 7.1%. For the last is Religious Matters by, 4.2%.

Furthermore, there are seven reasons why speakers utter swear words, among others: Pain relief, Power and Control, humor, Non-violent

Retribution, Self-expressions, and Peer and social bonding. For Psychological and physical health the writer did not find in the *Four Brothers* movie.

5.2 Suggestion

The results in this study does not cover all contained swear words but this study could help the readers to know about the swear word in the *Four Brothers* movie and understand the use of a swear word. The writer hopes that the critics and suggestions will rise from the readers. Here, the writer would like to suggest a few points related to the subject of research.

The writer certainly hopes that this study can help students UIN Sunan Ampel who want to increase their knowledge about this study. Thus, they may have a good understanding on the written text by reading the entire text of the script and spoken language by watching movies. This will help them to avoid misinterpreting. Also, it can improve the English language skills, especially in writing and speaking skills.

For the next writers who will conduct the same study, the writer hopes this study can help the next writer as the example in the same subject but different problems. So that it will make this study complete by conducting what has not been discussed in this study.

The writer also recommends to the reader, not to use swear words in everyday conversation, because it is not preferred by the religion and of course by Allah swt.
