**BAB I  PENDAHULUAN**

A. Latar balakang Penelitian ................................................................. 1  
B. Rumusan masalah ............................................................................... 5  
C. Tujuan Penelitian ................................................................................. 5  
D. Manfaat Penelitian ............................................................................... 6  
E. Definisi Konsep ................................................................................... 6  
F. Sistematika Pembahasan ........................................................................ 10

**BAB II  KERANGKA TEORITIK**

A. Kajian Pustaka

1. Sistem informasi manajemen ................................................................. 12  
   a. Pengertian sistem informasi manajemen ............................................ 12  
   b. Fungsi Sistem Informasi Manajemen .................................................. 14  
   c. Perangkat Pokok Dalam Sistem Informasi .......................................... 16  
      1) Manusia ............................................................................................ 16  
      2) Perangkat keras (*Hardware*) ........................................................... 17
3) Perangkat lunak (Software) .............................................. 17
4) Data-data ................................................................................. 18
5) Prosedur ................................................................................. 18
d. Sistem Informasi Manajemen Dalam Struktur Organisasi ......18
e. Komputer Sebagai Perangkat Sistem Informasi
   Manajemen .............................................................................20
2. Pengelolaan Zakat ................................................................. 22
   a. Landasan Pengelolaan Zakat ..................................................22
   b. Visi Misi Zakat ......................................................................26
   c. Tahapan Pengelolaan Zakat ..................................................29
B. Kajian Teoritik ............................................................................34
C. Penelitian Terdahulu Yang Relevan .........................................36

BAB III METODE PENELITIAN
A. Pendekatan Dan Jenis Penelitian ........................................ 38
B. Subyek Penelitian ................................................................... 39
C. Jenis Dan Sumber Data ............................................................. 40
D. Tahap-Tahap Penelitian ........................................................... 41
E. Teknik Pengumpulan Data ....................................................... 44
F. Teknik Analisis Data ................................................................. 46
G. Teknik Pemeriksaan Keabsahan Data ....................................... 47

BAB IV PENYAJIAN DAN ANALISIS DATA
A. .................................................................................................S
   etting Penelitian
   1. Letak Geografis .................................................................48
   2. Sejarah berdirinya yayasan yatim mandiri ..................................49
   3. Visi Dan Misi ..........................................................................50
   4. Susunan Keanggotaan Yayasan Yatim Mandiri Cabang
      Surabaya .................................................................................51
   5. Program Kerja Yayasan yatim mandiri Cabang Surabaya ..........52
B. ..............................................................................................................54
   penyajian data ........................................................................................54
   1. ...........................................................................................................P
      pelaksanaan sistem informasi manajemen ........................................54
   2. ...........................................................................................................F
      aktor-faktor yang mendukung dan menghambat dalam
      pelaksanaan sistem informasi manajemen ......................................63
C. ..............................................................................................................A
   analisis data ........................................................................................67
   1. ...........................................................................................................P
